

**MINUTES OF DISTRICT PLANNING COMMITTEE (DPC) MEETING HELD ON
22ND FEBRUARY 2022 AT 1430 HOURS IN THE CONFERENCE HALL OF DC
TAWANG**

The District Planning Committee (DPC) meeting for Tawang district was held in the Conference Hall of DC Tawang at 1430 Hours on 22nd February 2022.

The list of members who attended the DPC meeting is placed at Annexure- A.

The DPC meeting got underway with the welcome speech by Shri Lobsang Tsetan, PD cum DPDO, Tawang. He outlined the process and timeline of Peoples' Plan Campaign- Sabki Yojana Sabka Vikas- 2021. He further informed the house that the last date for uploading data on eGram Swaraj portal of the campaign, which was started on the occasion of Gandhi Jayanti i.e. 2nd October 2021, has been extended till 28th February 2022.

Shri Kesang Ngurup Damo, DC cum Chairperson, DPC addressed the house. He called upon the departments to put in their best of the efforts for timely achievement of targets vis-a-vis state schemes, national programmes and CSS. Tawang being the home district of HCM, it is all the more important to set standards for other districts to emulate. Further, he stressed upon the need for realistic and bottom-up approach in planning process of Panchayat and RD programmes. He appealed the house to take up the different shelf of proposals as emanated from Gram Sabhas and get them passed after threadbare discussions.

Shri Lobsang Tsetan, PD cum DPDO presented the PPT on Gram Panchayat Development Plan (GPDP) as well as Zilla Panchayat Development Plan (ZPDP). The proposals under GPDP were taken up circles-wise for discussions. The respective EACs/ COs cum Member Secretaries chipped in with details and elaborated rationale for the proposed works. The schemes have been drafted as per Ministry guidelines and master circulars with 40% of proposals falling under Un-tied category and 60% under Tied category. The tied category being further sub-divided into two equal halves of 30% on the over-all divisions. As for the ZPDP is concerned, the same spirit was followed. The proposals under ZPDP were taken up Block-wise, as the area as well as population under a developmental block and ZP segments are contiguous in respect of Tawang district.

The list of schemes under GPDP and ZPDP, as approved by DPC, are placed at Annexure- B and Annexure- C, respectively.

Shri Leki Gombu, Chairperson, Tawang Zilla Panchayat also addressed the house. He, on the part of Panchayati Raj institution and its functionaries, assured the departments for whole hearted co-operation and guidance in implementation of Govt. schemes. He reiterated on the qualitative and timely completion of Govt. schemes and programmes. He also asserted on the need for periodical conduct of developmental meetings of departments involving the elected PRI members.

Apart from PPC, the house also deliberated on a few miscellaneous discussions.

1. **Panchayat Bhawan.** Under RGSA, Govt. has approved 6 (six) nos. of Panchayat Bhawan cum Common Service Centres against 6 (six) Zilla Parishad segments in Tawang district. The sanctioned amount for each PB cum CSC is ₹24 lakh, out of which 50% i.e. ₹12 lakh has been released as Ist instalment. The locations for C/o PB cum CSC has been finalised as shown hereunder:

- a. Zemithang;
- b. Mangnam;
- c. Tawang;
- d. Kyidphel;
- e. Mogto; and
- f. Jang.

2. **Emporium cum Training Centre.** The Emporium cum Training Centre at Tawang under DRDA has been leased out to Monyul Vidya Niketan school being run by Women's Welfare Association (WWA), Tawang on a monthly lease of ₹1033/-. The school is being run to cater to the educational need of children from weaker sections. The building is in a dilapidated condition. On 10th November 2021, the Headmistress, MVN informed DC cum CEO, DRDA, Tawang (through the Chairperson, WWA) regarding the shabby and dilapidated condition of the building. In turn, DC constituted a board of officers for site inspection vide Order No.TWG/DRDA/BLD-01/2018-19 Dated 15/11/21. The committee visited MVN building on 30th November 2021 and submitted its report. As per the report, the school building is in a very dilapidated condition and it needs major repair or for that matter re-construction. As for now, the building has become a liability. After deliberations and keeping in view the paucity of funds with DRDA, the house decided to hand-over the building completely to Monyul Vidya Niketan on "as is where is" basis. The MVN school shall be free from rental payments and the school authority or WWA shall muster funds for repair/ maintenance or re-construction of the building.
3. **Cluster Farming.** Under 15th FC Grants, Govt. has sanctioned 15 Cluster Farms for Tawang district @ 5 farms per Assembly Constituency. Out of the sanctioned 15 CFs, 12 has been completed both in physical as well as financial terms. The remaining 3 clusters namely Kharung CF, Mogto CF and Mirba CF couldn't be completed owing to requirement of differential materials i.e. solar fencing materials. The house decided to give the CO cum Member Secretary to go ahead with the procurement of Solar Fencing materials for ₹18.38 lakh. The remaining fund shall be used for construction of and raising additional cluster farms.
4. **MGNREGS Convergence.** DC informed the house that Govt. is pushing for convergence of MGNREGS with works under Border Roads Organisation (BRO). The planning for implementation of the BRO specific convergence schemes are in advance stage. There were some doubts, on modalities to be adopted for the convergence, which have been addressed and cleared with the help of officers from Arunachal Bhawan, Delhi. In the same regard, a District Level Consultative Committee (DLCC) has been constituted with DC as Chairman and members drawn from all stakeholders. Further, DC also called upon Member Secretaries of GPs to explore the possibility of dovetailing the proposals under Supply of Drinking Water/ Rainwater Harvesting/ Water Recycling, which forms 30% of total allocation, with PHE&WS Department for a more fruitful result.
5. **Miscellaneous.** Lastly, the house also discussed the status of the building near Nehru Gompa, which is owned by DRDA, Tawang. PD (DRDA) informed the house that the building in question is DWRC Building and is under occupation of 125 RCC. Though the building has never been formally allotted to BRO authorities, a section of BRO comprising of men belonging to HQ 125 RCC are in occupation of the Govt. building for nearly a decade. A notice was issued requiring the illegal

occupants to vacate the premises by PD (DRDA), Tawang vide No. RDAT/BLDG-01/2011-12/204 Dated 10th July 2020. The illegal occupants have not complied with the notice and they are still occupying the premises. The house unanimously decided that the building needs to be taken over as there is a huge dearth of Govt. buildings/ structures to accommodate numerous new departments coming up in the district.

The meeting ended with vote of thanks to the chair by Ms Tsering Chedon, EAC cum Member Secretary, Kyidphel (Kitpi).
